JOIN OUR TEACHER'S TRAINING — LEARN TO TEACH & EARN

Who can do this program? Maybe someone like you.

The program is open to a wide range of people. Find the one that sounds most like you.

The Teacher

"I teach every day — but I'd like a skill that adds to my profile."

The Housewife

"I have talent and time, and I want my skills to be recognised."

The Tutor

"I need a clear, step-by-step method for the students I already teach."

The Mother

"I want to learn something useful — and one day be financially independent."

The Abacus Center

"I want my team to teach with confidence and structure."

The School & College Student

"I want to start building a professional skill early."

Do you have a skill, but no clear way to turn it into an income?

Why it matters: Many people are good at something yet do not know how to teach it, structure it or offer it to others.

How the program helps: Every program here teaches you the skill, then teaches you how to teach it — with certification, lifetime mentorship and a financial independence roadmap.

Knowing a skill and teaching it are two different skills.

This brochure follows one path, and each program is built on it:

Handwriting Teacher Training Program

Write well, but not sure how to teach it?

Why it matters: A skill you practise yourself does not automatically come with a method for guiding someone else.

How the program helps: Teaching Methodology and Step-by-Step Teaching Skills give you lesson plans, correction techniques and class structure.

Duration: 2 Months | Daily 2 Hours | Flexible Timings

1

Science of Handwriting

Master strokes, pressure, slants, spacing & alignment.

Why it matters: Good teaching begins with knowing what makes writing look and feel right.

You will use it to: explain to a learner why letters crowd, lean or wobble.

2

Graphology Basics

Understand personality through handwriting analysis.

Why it matters: It gives you a language for what writing styles may reveal.

You will use it to: talk with parents and students about writing patterns.

Handwriting Teacher Training Program **(continued)**

3

Teaching Methodology

Step-by-step lesson plans for kids & adults.

Why it matters: Knowing a skill is not the same as knowing the order to teach it.

You will use it to: plan a lesson sequence for a child or an adult.

4

Corrections & Techniques

Improve speed, neatness, and letter formation.

Why it matters: Learners usually arrive with a specific problem to fix.

You will use it to: find one issue at a time and set corrective practice.

5

Calligraphy Foundations

Basics of brush pen & cursive styling for handwriting improvement.

Why it matters: Brush-pen and cursive practice builds hand control and an eye for letter shape.

You will use it to: add a creative element to handwriting lessons.

6

Psychological Impact

How handwriting affects confidence & learning.

Why it matters: Writing and confidence are linked, so how you correct matters.

You will use it to: encourage a hesitant learner and explain progress to parents.

Handwriting Teacher Training Program **(continued)**

7

Step-by-Step Teaching Skills

From how to teach handwriting to designing full offline & online classes.

Why it matters: It turns what you know into a complete, repeatable class.

You will use it to: design a course from the first session to the last.

8

Google Tools for Teaching

Google Docs, Slides, Forms, Classroom for smooth class management.

Why it matters: Organised classes are easier to run and easier for learners to follow.

You will use it to: prepare worksheets, slides and forms, and manage a class online.

9

Online & Offline Class Training

How to confidently conduct 1:1, group classes, and digital workshops.

Why it matters: Learners and parents may prefer different formats.

You will use it to: run a 1:1 session, a group batch or a digital workshop.

10

Exam Prep for Google Certified Educator

Guidance to attempt and clear the certification exam.

Why it matters: A recognised credential strengthens your teaching profile.

You will use it to: prepare for and attempt the certification exam.

Handwriting Teacher Training Program

Special Features

- Certification of Completion (valid as professional skill credential)
- Lifetime mentorship & guidance even after course
- Referrals in your area to start your own handwriting classes

Post-Course Support: Even after completing the training, you'll continue to get help through live doubt sessions whenever you face challenges in teaching handwriting.

PROGRAM FEE

₹20,000 only ₹10,000 only / month • EMI options available

Your entire fee equals just 5 student enrollments — enrol only 5 students and your investment is back in your hands.

Calligraphy Teacher Training

Lovely lettering — but how do you turn it into classes?

Why it matters: Practising a craft for yourself does not show you how to structure lessons or workshops.

How the program helps: Creative Lesson Planning, workshop training and the business roadmap show how to monetize calligraphy through products & classes.

[PHOTO PLACEHOLDER — brush-pen calligraphy practice sheet (licensed stock image to be added)]

Duration: 2 Months | Daily 2 Hours | Flexible Timings

1

All Styles of Calligraphy

Brush pen, cursive, modern, decorative & artistic lettering.

Why it matters: Different styles suit different learners and occasions.

You will use it to: show learners the range of lettering and help them choose a style.

2

Creative Lesson Planning

Structured classes for kids, teens & adults.

Why it matters: A beautiful skill still needs a lesson structure.

You will use it to: plan classes by age group.

Calligraphy Teacher Training (continued)

3

From Zero to Teacher

Learn calligraphy yourself and then master how to teach it effectively.

Why it matters: You learn the craft first, then how to pass it on.

You will use it to: move from practising to teaching.

4

Google Tools Mastery

Using Google Slides, Meet & Docs for creative classes.

Why it matters: Online classes need clear visuals and organised material.

You will use it to: build slides and documents and teach over Meet.

5

How to Run Workshops

From setup to delivery of online & offline calligraphy workshops.

Why it matters: A workshop is a different format from a regular class.

You will use it to: set up and deliver a workshop in person or online.

6

Exam Prep

Special training to clear the Google Certified Educator certification.

Why it matters: A recognised credential strengthens your profile.

You will use it to: prepare for the Google Certified Educator exam.

Abacus Teacher Training

Worried about handling a room full of children?

Why it matters: Teaching one learner is different from keeping a large group focused.

How the program helps: The program builds confidence to handle large groups, with live and group doubt sessions to practise real situations.

Duration: 2 Months | Daily 2 Hours | Flexible Timings

1

Complete Abacus Foundation

Beads, levels, mental math, speed & accuracy.

Why it matters: Strong basics make every later lesson easier to teach.

You will use it to: explain how the beads and levels build mental maths.

2

Brain Development Tools

Improve focus, concentration, and calculation power in children.

Why it matters: Parents often look for focus and calculation skills.

You will use it to: choose activities that build concentration.

Abacus Teacher Training (continued)

3

From Beginner to Teacher

Start from zero & master how to teach abacus.

Why it matters: You do not need prior experience to begin.

You will use it to: go from first lesson to teaching a class.

4

Google Tools for Classes

Using Meet and other google tools to run abacus lessons online.

Why it matters: Online lessons need a clear setup.

You will use it to: run abacus lessons over Meet.

5

Online + Offline Class Training

How to set up hybrid programs.

Why it matters: Hybrid programs reach more learners.

You will use it to: combine in-person and online sessions.

6

Exam Prep

Google Certified Educator preparation included with full guidance.

Why it matters: A recognised credential strengthens your profile.

You will use it to: prepare for the certification exam.

Teacher Training & Counselling Program

Teaching is more than the subject — what about parents and emotions?

Why it matters: Learners bring worries and expectations into class, and parents often want guidance.

How the program helps: Child Psychology and Counselling Skills prepare you for parent counselling, student guidance and emotional support.

Duration: 2 Months | Daily 2 Hours | Flexible Timings

1

Child Psychology & Student Development

Emotional, academic & behavioral growth.

Why it matters: Learners differ, and understanding growth helps you respond.

You will use it to: recognise emotional, academic and behavioural needs.

2

Counselling Skills

Parent counselling, student guidance, emotional support.

Why it matters: Teaching often involves parents and feelings, not just the subject.

You will use it to: guide a student and talk with a parent.

Teacher Training & Counselling Program **(continued)**

3

How to Teach from Zero

Lesson planning, class control, discipline strategies.

Why it matters: A plan and calm routines make a class run smoothly.

You will use it to: plan lessons and manage class behaviour.

4

Google Tools for Teachers

Classroom, Docs, Sheets, Forms for academic excellence.

Why it matters: Digital tools keep work organised.

You will use it to: manage assignments, records and feedback online.

5

Online + Offline Class Training

Conduct classes confidently in both formats.

Why it matters: Learners may study in either format.

You will use it to: teach confidently online and in person.

6

Exam Prep for Google Certified Educator

Full syllabus guidance, practice tests, mentorship.

Why it matters: A recognised credential strengthens your profile.

You will use it to: prepare using guidance and practice tests.

Still thinking? These are real stories. Real transformations. Real feedback.

“Taking the handwriting teacher training was a wonderful experience. The instructor explained every concept with great clarity and patience. I feel much more confident now in both my own handwriting skills and in teaching others. The training was well-organized, detailed, and very practical. Thank you Pratibha ma’am for such an enriching learning journey!”

— **Suruchi Goyal**

“I recently completed the calligraphy training from Jain studio Pratibha, and it was an incredible experience. As a student, I found the sessions to be both inspiring and informative. The teacher explained each stroke, style, and technique with so much clarity and patience. We got plenty of practice and individual feedback, which helped me improve significantly. Not only did I enhance my own calligraphy skills, but I also gained the confidence to teach others. The entire training was beautifully organized and full of creativity. I’m truly thankful for such a motivating and enriching learning journey.”

— **Akansha**

“I recently completed a series of writing classes, and I couldn’t be happier with the experience. ... What I appreciated most was the personalized feedback. ... I highly recommend them to anyone — whether you’re a beginner or looking to refine your skills.”

— **Abhishek Mothsara**
